◆ NORTHWEST KANSAS DISTRICT FREE FAIR, INC.

1. No admission will be charged at the gates leading into the fairgrounds. Admission will be charged at the grandstand for some programs and performances. No passes will be issued.
2. The following rules are prescribed by the Northwest Kansas District Free Fair, Inc. for operation of the fair in all divisions and departments. The association reserves the right to interpret these rules and regulations and arbitrarily settle all questions about the fair.

◆ OPEN CLASS GENERAL RULES

1. This division is open to youth and adults.
2. Pre-entry in some areas is required and due to the Sherman County Extension Office on or before the designated deadline. See the entry and judging schedule page for the list of classes that must be pre-entered. Deadline is on the entry and judging schedule page.
3. All ages are as of 1-1 of the current year.
4. Exhibit tags must be filled out for each entry. Open Class tags may be obtained at the Sherman County Extension Office before the fair. Open class tags may be filled out and attached before the fair or at entry time.
5. If an entry is made in the Open Class division, it cannot be entered in the 4-H division.
6. All premiums will be: Blue \$3, Red \$2, White \$1 unless otherwise stated.
7. Showmanship monetary premiums supplied by First National Bank, Goodland, KS (paid at the time of judging) Blue \$3, Red \$2, White \$1.
8. All youth will receive placings in Open Class. Adults will only receive placing for 1st, 2nd, and 3rd in each class in Open Class.
9. If there are fewer than 3 exhibits in a class, discretion of the judge will be used on champion and reserve champion awards.
10. Any person attempting to interfere with the judges or anyone who publicly voices disapproval of the judge's decision shall forfeit any awards won.
11. Decisions of the judges shall be final subject only to written protests which shall be acted upon.
12. There is a universal release time from 8:00 - 10:30 a.m. on the final Saturday of fair. All articles must be claimed by 10:30 a.m. Failure to comply with this requirement will bar said exhibitor from participating in premiums which may have been awarded by the judges in any department of the fair. The Extension Office and Fair Board will not be held responsible for picking up articles not claimed.
13. In no event, shall the Northwest Kansas District Free Fair or the Sherman County Extension Office be held responsible for any loss or damage to the property or person of exhibitor or other persons while on the fairgrounds whether said loss or damage shall arise from accident or any cause whatsoever.
14. All protests must be made in writing to the president of the fair board, accompanied by an affidavit setting forth

the grounds of protest. Such protests must be filed on or before 3:00 pm of Friday of fair.

15. All premiums may be picked up at the time of scheduled exhibit release. Open Class will receive their premiums from the Fair Office near the entrance to the grandstands. All unclaimed checks will be in the Sherman County Extension Office for 3 weeks following the fair. After 3 weeks, they will be turned over to the Fair Board. All checks will be void 90 days after fair.

◆ **4-H GENERAL RULES**

1. This division is only open to youth in good standing with 4-H.
2. Pre-entry is required and should be posted on Fair Entry (www.nwksfair.fairentry.com) on or before the designated deadline. Deadline is on the entry and judging schedule page.
3. All ages are as of 1-1 of the current year.
4. Exhibit tags must be filled out for each entry. 4-H tags may be obtained at the Sherman County Extension Office before the fair. 4-H tags may be filled out and attached before the fair or at entry time.
5. If an entry is made in the 4-H division, it cannot be entered in the Open Class division. 4-H'ers must be currently enrolled in the project to enter a 4-H class; otherwise the entry must be made to Open Class.
6. All Premiums will be: Blue \$3, Red \$2, White \$1 unless otherwise stated.
7. Showmanship monetary premiums supplied by First National Bank, Goodland, KS (paid at the time of judging) Blue \$3, Red \$2, White \$1.
8. Outstanding exhibits will receive a State Fair award. Those will be screened for State Fair based upon available State Fair classes and the age of the exhibitor. It is the responsibility of the individual 4-H member to pre-enter state fair entries in writing to the Extension office.
9. If there are fewer than 3 exhibits in a class, discretion of the judge will be used on champion and reserve champion awards.
10. Any person attempting to interfere with the judges or anyone who publicly voices disapproval of the judge's decision shall forfeit any awards won.
11. Decisions of the judges shall be final subject only to written protests which shall be acted upon.
12. There is a universal release time from 8:00 - 10:30 a.m. on the final Saturday of fair. All articles must be claimed by 10:30 a.m. Failure to comply with this requirement will bar said exhibitor from participating in premiums which may have been awarded by the judges in any department of the fair. The Extension Office and Fair Board will not be held responsible for picking up articles not claimed.
13. In no event, shall the Northwest Kansas District Free Fair or the Sherman County Extension Office be held responsible for any loss or damage to the property or person of exhibitor or other persons while on the fairgrounds whether said loss or damage shall arise from accident or any cause whatsoever.
14. All protests must be made in writing to the president of the fair board, accompanied by an affidavit setting forth the grounds of protest. Such protests must be filed on or before 3:00 pm of Friday of fair.
15. All premiums may be picked up at the time of scheduled exhibit release. 4-H will receive their premiums from the Fair Office near the entrance to the grandstands. All unclaimed checks will be in the Sherman County Extension Office for 3 weeks following the fair. After 3 weeks, they will be turned over to the Fair Board. All checks will be void 90 days after fair.

6. Introductory (Unit I) Exhibits are placed in a small box (school or cigar) covered with plastic. All insects are to be properly mounted. See the specific phase for specimen number limitations.
7. Beginning Entomology I and II, Intermediate Entomology, and Advanced Entomology exhibits are

placed in plexiglass covered, wooden box 18" X 24" X 3-1/2". See the specific phase for box and specimen number limitations. Arrange specimens in the box so it can be displayed lengthwise. All boxes in these phases should be covered by plexiglass.

8. All insects are to be properly mounted.
9. The number of orders, specimens (and families where required) must be included on the exhibitor's box identification label.
10. Emphasis in judging will be placed on the overall variety of insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens, and overall arrangement and appearance of the collection.
11. For each collection class, two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label is a date/locality label.
12. Details on identification, labeling, purchase of pins, collection numbers, etc. are available at the Extension Office.

41200 Introductory Entomology - Display in a small box (school or cigar) with a piece of plastic wrap or plexiglass taped across the top of the box. Requires a display of 15 to 30 insects containing a minimum of 6 orders. No state fair class for this phase.

41201 Beginning Entomology I - Display in one standard box-a minimum of 50 and a maximum of 125 species representing at least 7 orders. Follow the general rules listed for all collections. Specimens should be grouped according to order with the order labels pinned to the base of the box. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

41202 Beginning Entomology II - Display in one standard box a minimum of 75 and a maximum of 150 species representing at least 9 orders. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

41203 Intermediate Entomology - Display a minimum of 100 and a maximum of 300 insects representing at least 10 orders. Two standard boxes can be used. All specimens should be grouped in order; in addition family identification is required for all insects in any two of the following six orders: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and Hymenoptera are to be identified to family and the number of families in these order groupings, and family labels will be pinned to the bottom of the box to represent subdivisions of the appropriate order. Members can exhibit in this class a maximum of 3 years.

41204 Advanced Entomology - Display a minimum of 150 and a maximum of 450 insects representing at least 12 orders. Three standard boxes can be used. Family identification is required for all insects belonging to the six basic orders as outlined under the

Intermediate phase. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. All butterflies appearing in the collection should be labeled with the correct common name. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

6. The exhibit box should be 18" x 24" x 3 1/2" with a plexiglass cover. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. IF A BOX HAS A SLIDING PLEXIGLASS COVER, it must be removable from the top. Screws, locks, or other

devices that would prevent judges from removing cover should not be used.

7. Each Exhibitor is required to identify each display box by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the PLEXIGLASS COVER (inside -- use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).
8. Exhibitor may enter in both geology and lapidary classes.
9. Exhibitor may show in only one of the first three geology classes. Exhibitor may also show in geology class special exhibit and in the lapidary class.
10. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, and locality (county) where collected.
11. Specimens should be mounted in the box by proper groups -- rocks, minerals, fossils.
12. All specimens must be collected from locations in Kansas. Out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

41900 Beginning Geology - 15 minerals, or fossils collected during the current 4-H year. Limited to one exhibit box 18" x 24" x 3½" with glass cover. Fossils must be identified to the Phylum level.

41901 Intermediate Geology - 30 specimens, at least 5 of each. Fifteen must be collected during the current 4-H year. Limited to one exhibit box 18" x 24" x 3½" with glass cover. Fossils must be identified to the Phylum level.

41902 Advanced Geology - 45 specimens, at least 5 of each. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone not just limestone; exact species must have different formation names listed on the I.D. card; Composita Brachiopod from Morrill Limestone not just Brachiopod or Composita Brachiopod). Exhibit limited to two boxes 18" x 24" x 3½" with plexiglass cover. Exhibit must include approximately 15 specimens of current year's work. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum level.

41903 Display at least 60 Rocks, Minerals, or Fossils, at Least 5 of Each - More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone not just limestone; exact species Must have different formation names list on the I.D. card; Composita Brachiopoda from Morrill Limestone not just Brachiopoda). Exhibit limited to two boxes 18" x 24" x 3½" with plexiglass cover. Exhibit must include approximately 15 specimens of current year's work. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum, Class, and Genus levels if possible.

- 41904 Special Exhibit - Relating to geology and everyday living, mineral test, rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Exhibit limited to 4 ft of table space. Exhibitor may show in the class regardless of number of times he or she has exhibited at State Fair or whether exhibitor has entries in classes. Exhibitor may also exhibit in lapidary class.
- 41905 Display at least 30 Stones and Minerals that will Cut or Polished - Five of the specimens must be Polish 15 of the gemstones by tumbling. Label Lapidary Display -Exhibit at least 6 gemstones and minerals that have received lapidary treatment. Lapidary treatment may consist of tumbling, polishing and end or face or flat lapping. Specimens must represent at least 3 different gemstones and minerals, and include at least 3 cabochons of any size or shape. Three of the specimens must be mounted. Label specimens as appropriate including locality (state) where originated. Exhibitor may also exhibit in any other geology class.

Rocket Construction Guidelines

1. Rockets must be assembled according to instructions and shall not be prefinished or include prefabricated fin assemblies. Rockets of original design must be designed by the exhibitor and cannot be a modification of an existing kit.
2. Rocket assembly must follow generally accepted construction and finishing techniques that produce a safe, attractive, and well performing rocket.
3. Rockets that are not scale models of real launch vehicles may use any paint and decoration scheme and will not be judged on that scheme.
4. Rockets built as scale models of actual launch vehicles will be judged, in part, on the accuracy and completeness of the paint scheme and decal placement.

Display Guidelines

1. Exhibitors may enter up to three rockets that have been constructed during the current year. An exhibitor may not enter more than one rocket in the same class.
2. It is strongly recommended, but not required, that rockets be flown prior to display at the NWKDFE. If selected for the Kansas State Fair, rockets must be flown prior to being exhibited at the Kansas State Fair. Multi-stage rockets will be considered fully flown if just the final stage is flown.
3. Each rocket less than 48" long shall be displayed vertically on a solid base not to exceed 4 1/4" thick x 8" square with support rods not extending further than the tip of the highest nosecone. The exhibitors name, county or district, and age must be labeled on the top of the base. Each rocket greater than 48" long shall be displayed parallel to the ground with up to 3 notched blocks not to exceed 4" in height, width, or depth. The exhibitors name, county or district, and age must be labeled on the top of each block.
4. No rocket may be submitted on a launch pad, or with igniters, engines, or any portion of an engine in the display.
5. Multi-stage rockets must have all stages included in the display, but may be displayed without having the stages connected. Rocket engines shall not be used to join the stages together in the display.
6. The report accompanying the rocket will be limited to the 4-H SpaceTech Rocket Exhibit Information Form affixed to a 10"x13" manila envelope.
7. Rocket kit instructions or original design plans, or a photocopy, will be placed inside the envelope. Any structural modifications must be documented on the Rocket Exhibit Information Form or in the plans. Rockets of original design must include detailed instructions similar to those included in a manufactured kit. Rockets

of original design must also include an information pack of up to four pages detailing the test(s) performed to ensure stability prior to flight.

8. One or more photos of the rocket at the launch site are required. Photos showing the rocket at the moment of ignition are preferred. Include at least one photo showing rocket construction, preferably with the exhibitor included. Photos will be mounted on one side of 8 ½" x 11" page(s), and will be placed in the envelope. There must be a minimum of one photo page and a maximum of five photo pages allowed.
9. A Launch Data sheet detailing the specifics of the launch along with the maximum altitude attained by the rocket and the method used to determine it will be included in the envelope.
10. Flight damage must be documented on the construction plans or the Exhibit Information form and will be judged secondary to all other aspects of the rocket.

Special Guidelines for High Powered Rockets

1. For the purpose of Kansas 4-H SpaceTech, a high powered rocket is one that meets any of the following criteria:
 - a. is larger than 2" in diameter, not including fins, and is longer than 36", including the fins
 - b. weighs more than 3.13125 pounds, or 53 ounces, or 1500 grams at the time of launch
 - c. uses an "E" engine or larger, or its clustered equivalent to launch
 - d. the total impulse of all engines in the rocket is more than 20.00 Newton-seconds
 - e. is powered by motors not classified as model rocket motors with average thrust greater than 80.00 Newtons or contains greater than 2.2 oz. (62.5 g) of propellant and are limited to only H and I motors
2. For the purpose of Kansas 4-H SpaceTech, no rocket may be launched using engines totaling more than an "I" impulse engine or 640 Newton-seconds of total thrust.
3. All rockets in this category will be launched under adult supervision and exhibitors will comply with the applicable NAR High Powered Rocket Safety Code and Certification requirements and FAA Regulations.
4. In addition to the information packet completed for all rockets, the exhibitor must complete a High Power Rocket Information Form and place it in the envelope.
5. High Powered Rockets may be displayed without a supporting stand, or with a supporting stand that complies with the previously detailed display guidelines.

Unmanned Aerial Systems

1. For 2017, display boards, posters and notebooks are the only unmanned aerial systems exhibits being accepted. In 2018, more classes will be added for UASs.
2. Exhibitor's name, county or district, age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
3. Unmanned Aerial Systems that include or depict weaponry of any kind will be disqualified.
4. See the last section for full details about exhibiting posters, display boards and notebooks.

Educational Exhibits - Posters, Notebooks, and Display Boards

1. Purpose: Allow 4-Hers to explore SpaceTech outside the bounds of traditional projects for rockets and unmanned aerial systems. All posters, notebooks and display boards are listed in this section and have been removed from the individual sections to save space.
2. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
3. Exhibits in posters, notebooks and display boards may not be just a static project, but must contain substantial supporting educational materials in the form of posters, notebooks, or display boards, etc.
4. Educational display boards, posters and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content. An exhibit judging score sheet will be available at www.kansasspacetech.com. For example, a rocket may have crashed and/or is highly damaged that can't be launched again may be made into an educational display or poster that tells a great story with many lessons learned.
5. Follow copyright laws, citing all sources of information in a standard notation on the "4-H Educational Rocketry Exhibit Information Form." Additional pages can be added inside the Information Packet and should be labeled "Citations." Sources of scientific information must be cited on the front of your exhibit, including all posters and educational display boards.
6. Educational displays are not to exceed a standard commercial 3'x 4' tri-fold display board. No card board table exhibits will be allowed. Care should be taken to use durable materials that will withstand the Fair environment.
7. "Construction Kits" that are part of Educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1' X 2' X 2' and must have a latch which securely keeps all components contained in the "Construction Kits". Other components are to adhere to appropriate dimensions as stated elsewhere.
8. Educational Project notebooks must be organized in a 3-ring binder.
9. Educational posters must be no larger than a 20" X 30" poster board. Exhibitors are encouraged to laminate all posters and diagrams or cover them with clear plastic film. Any three dimensional display exhibits may not be thicker than 1".
10. Engines and igniters in rockets ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
11. Exhibitor's name, county or district, age, and year(s) in project must be tagged or labeled in a prominent location on the educational display, notebook, "Construction Kit," and/or poster.
12. Exhibits should possess the following qualities (in no

particular order):

- a. A Central theme
- b. What you want others to learn
- c. Be designed and constructed in a manner befitting the exhibit
- d. Be something you are interested in
- e. Be related to model or high power rocketry
- f. And those characteristics described above.

6. The livestock shows will be a no fit show, "Blow and Show". No fit, at the Northwest Kansas District Free Fair is defined as using no adhesive, glue, paint, or powder products. Animals using show products will not be allowed to enter the show ring.
7. The Superintendents will assign stalls and pens and offer supervision of the livestock exhibits. All animals must be housed in barns. Bedding must be used in pens or stalls except in the beef barn which is bedded in sand. Any exhibitor not providing feed and water for their animal during the fair will lose the right to sell any animal in the sale and forfeit all prize money and/or awards.
8. No livestock in barns before 8:00 a.m. Monday of fair. All animals need to remain in the barn until at least Friday at noon at the end of fair.
9. All animals should be in place by 8:00 a.m. the day of weigh in. Any animal weighing less than minimum or more than maximum may take as many trips as needed across the scale to make weight until scale is closed. Animals should be clean and free of debris. Weight limit will be strictly enforced by the Northwest Kansas District Free Fair board. Producer certification forms are due at time of weigh in for every animal.
10. Any animal that does not make weight (over or under) can show in the show but cannot sell or participate in the

grand drive. Only those meeting the weight requirements will be allowed to sell in the 4-H Livestock Sale. Others may sell at a floor price if a bid can be obtained for those animals.

11. All livestock to be shown by 4-H members must be in the possession of the member from time of weigh-in up until fair. Livestock not meeting these criteria will then become eligible to show as Open Class Livestock but not eligible to show in 4-H Livestock. If the 4-H'er is unable to attend a show; another Sherman County 4-H member can show in their place. If exhibitor has more than one animal in the same weight class, a Sherman County 4-H member must show the other animal. This applies to all species, all classes, and all shows.
12. Exhibitor can only transfer an animal from exhibitor with in the immediate family because of sickness or death with the animal. Transfer must be approved unanimously by the superintendent, fair board, and the extension office.
13. All animals are subject to examination by the exhibition staff or their representatives, and shall be free of clinical signs of infectious or contagious disease.
14. Each exhibitor must care for and groom his or her own animal and may use only the assistance of a family member, Sherman County project leader, or another Sherman County 4-H member who is an exhibitor at this year's livestock show. No hired professional groomers will be allowed. This rule will be strictly enforced and any exhibitor violating it will have their animal in questions eliminated from competition.
15. The same animal cannot be shown in both market and breeding classes. Breeding classes must have registration papers in the name of the exhibitor or show proof of application for registry. Health papers for breeding animals must be available if requested.
16. First and second blues places in each class are eligible to compete for Champion and Reserve Champion market animal regardless of class size, if the judge feels it is a worthy entry.
17. Pee Wees are recommended to be two years old or older and can manage in the ring by themselves.
18. It is the responsibility of the 4-H member to submit the appropriate paperwork to specify which animal they are going to sell at the livestock sale as soon as possible following the show, but no later than Thursday 12:00 noon.
19. 4-H Home Grown Livestock - The purpose is to give an opportunity for locally produced animals to be used as projects and receive recognition. The animals must be bred, managed and produced by a Sherman County livestock operator. All rules apply as with market livestock projects.
20. Tri-State Royal Showman representative for the county will be designated for each specie by the judge at the end of the showmanship judging. Champions of the three age divisions will return to the ring for judging.
21. All grand champion showmanship in beef, swine, sheep, goat, and horse will be eligible to compete in the Round Robin Show. If for some reason the grand champion showmanship cannot show the reserve grand champion showmanship in that specific species and age group will be eligible. If both the grand and reserve champion showmanship cannot show an alternate will be eligible.

The alternate will be selected by the judge during showmanship. 4-H'er must show animal that won showmanship.

4-H Livestock Sale

1. Each exhibitor will be eligible to sell only one market beef, one market sheep, one market goat or one market swine. All other exhibits are not eligible. Exhibitors must sell their highest placing animal, but may substitute the next highest placing animal if he/she guarantees to exhibit the animal at a major approved show or wishes to retain female animal for breeding. Lightest weight animal will be used; member won't be able to sell a higher weight than the original animal. If an animal brought to the fair makes necessary (healthy) weight limit, but is not shown, the exhibitor loses the right to sell the animal.
2. Grand and Reserve Champions of all species will sell at the beginning of the sale. The sale rotation order for that year will be followed for the Grand and Reserve as well as the sale of the other animals.
3. Livestock Sale Rotation Order - The specie that is in the top position will rotate to the bottom position and all others will move up accordingly. Livestock sale order can be found in the appendix of this book.
4. The Northwest Kansas District Free Fair Board has determined that if an animal goes through the sale that it is not to be made available for re-sale. What happens to the animal is to be the first choice of the buyer (ship to sale barn, send to a locker, or take home). If anyone wants to buy an animal for breeding purposes, they must go through the superintendent and the appropriate paperwork is to be filed with the superintendent and the clerks. Any corrections or questions should be dealt with only after the conclusion of the sale.
5. Market animals will be released and shipped at the discretion of the superintendent. The Northwest Kansas District Free Fair Board will do its best to arrange loads for delivery to lockers, but don't always count on that. You may have to deliver it yourself. Animals sold during the 4-H Livestock Sale will take priority, extra animals will follow. The Northwest Kansas District Free Fair Board is still planning on making shipping arrangements for animals that are shipped to the sale barn at floor price.
6. A \$10.00 commission, shipping, and supply fee will be charged on all livestock sold through the 4-H Livestock Sale. All fees associated with livestock must be paid prior to picking up checks from buyers.

Herdsmanship Award

1. General Information - All livestock and small animal exhibitors are automatically entered into the herdsmanship contest as a club. This is not an individual contest. It is vital that our 4-H'ers learn the importance of properly taking care of animals, keeping the barns clean and presentable, and working together as a team.
2. Judging - There will be a separate award for each barn; Beef, Sheep/Goat, Swine and Poultry/Rabbit. The judging committee will be superintendents from each of the livestock projects listed previously and one representative from the fair board. The winner of each barn will be selected during the afternoon of fair on Friday. Awards will be presented during the 4-H

Livestock Sale. Checks will not be issued until the completion of the fair and all barns are clean. A club failing to properly clean up after fair will forfeit their award.

3. Responsibility - Herdsmanship duties are the responsibility of all exhibitors and club members rather than leaders, advisors or parents. If an exhibitor is going to be gone for any reason, it their responsibility to ask another club member to water, feed, and care for their animals.
4. Award Rule Sheet can be obtained at the fair office.
